

The GLA

Mercedes-Benz

Dynamic all the way.

More than ever, the GLA combines innovative dynamic elegance with the typical off-road character of an SUV. Its terrain is the city, but the characteristic off-road design elements indicate that trips to the countryside also promise a huge amount of freedom and driving pleasure. Always surrounded by a state-of-the-art interior and classy materials. Off we go!

Confident and dynamic appearance.

The Mercedes-Benz GLA stands before you looking compact and powerful, combining sporty elegance with an SUV feel. The view from the side and rear is shaped by the muscular shoulder of the body and the dynamic line of the side windows. And with the longitudinally adjustable second seat row¹, the spatial concept offers exceptional practical value.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Many-faceted presence.

Distinctive details such as the diamond radiator grille with pins in chrome and the front and rear aprons are sure to catch your attention immediately. Likewise the striking look of the MULTIBEAM LED headlamps¹ and LED rear lamps. With the Night Package¹ or the AMG Line¹, you can give even more individual expression to your sporty ambitions.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Exciting and expressive from every perspective.

The GLA impresses with a dynamically optimised design at the front and rear. A striking impression is also left by features such as the panoramic sliding sunroof¹, large light-alloy wheels¹ and the paint colour spectral blue¹. And as soon as the doors open, the state-of-the-art interior takes command in terms of expressiveness.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

MBUX.

The second-generation MBUX operating concept is capable of learning and also welcomes you personally. With touch control panels on the steering wheel and by using your voice, touch or gestures you can control the content on the 26 cm (10.25-inch) media display conveniently and intuitively. The fingerprint scanner¹ gives you easy access to protected functions and services of your MBUX.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

A high-angle, close-up photograph of a Mercedes-Benz car's interior, focusing on the driver's side. The steering wheel is black with the Mercedes-Benz logo in the center and features integrated touch controls. The dashboard is black with a large central infotainment screen displaying a navigation map and various icons. Below the screen are three circular air vents with silver accents. The center console has a gear shifter and handbrake, both with red leather-like accents. The overall design is sleek and modern, emphasizing functionality and luxury.

The focus is always in the
convenience of operation for you.

The multifunction sports steering wheel with integrated touch control panels not only looks good, but also keeps everything conveniently at your fingertips. The design of the centre console and the practical multimedia connection unit with illuminated USB interfaces are sure to be seen as welcome additions to the high-quality interior.

Safer and more relaxed on the road.

The driving assistance systems Active Lane Keeping Assist¹ and Active Brake Assist¹ have been optimised with sensors and cameras, come as standard and relieve the burden on you in everyday life. Further support is also offered by improved systems such as Active Distance Assist DISTRONIC^{1, 2, 3}, Blind Spot Assist^{1, 2} and Parking Assist^{1, 2}.

Discover the GLA with plug-in hybrid technology.

The advanced plug-in hybrid drivetrain in the GLA 250 e with EQ hybrid technology now impresses with higher electric output, improved electric range and further reduced charging times. The flexible combination of state-of-the-art four-cylinder petrol engine and innovative electric power unit impresses with its efficiency, driving dynamics and range.

Mercedes-Benz GLA 250 e with EQ hybrid technology | Energy consumption weighted combined: XX,X-XX,X kWh/100 km plus XX,X-XX,X l/100 km | Fuel consumption combined with discharged battery XX,X-XX,X l/100 km | CO₂ emissions weighted combined: XX-XX g/km | CO₂-Class weighted combined: XX | CO₂-Class with discharged battery: XX-XX.¹

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein. ²The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market. ³This equipment is also available to you as on-demand equipment for subsequent activation in the vehicle. For this, it is necessary to register on the Mercedes-Benz Portal, agree to the Terms of Use for the Mercedes me connect services and link the vehicle, at least temporarily, to the user account. In addition, activation requires a data connection to the vehicle and appropriate equipment fitted to the vehicle. The selected on-demand feature is then permanently activated for use in the vehicle, even if you subsequently terminate the Mercedes me connect services and unlink the vehicle from the user account. You can find out more about the technical requirements via Mercedes me or your authorised Mercedes-Benz dealer.

¹The specified values were determined in accordance with the prescribed measurement procedure WLTP (Worldwide harmonised Light-duty vehicles Test Procedures). The fuel consumption and CO₂ emissions of a passenger car depend not only on the efficient utilisation of fuel by the car, but also on the driving style and other non-technical factors.

Digital Extras.

With the Digital Extras and the corresponding Mercedes-Benz Apps you experience added convenience, safety, driving enjoyment and digital support, because they provide you with important information and practical functions for your Mercedes, both in the vehicle and on your smartphone.¹

¹To use the Mercedes me connect services, you must create a Mercedes me ID and agree to the Terms of Use for the Mercedes me connect services. The services shown, along with their respective availability and functionality, are dependent in particular on the vehicle model, year of build, optional equipment chosen and country.

MBUX Augmented Reality Navigation.

With MBUX Augmented Reality Navigation¹ you stay on the right track at all times, even in complex traffic situations. The system, available as an option, displays high-resolution graphical navigation and traffic information in live images and can help get you to your destination as safely and stress-free as possible.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Upholstery colours.

An attractive range of interior colours allows individual configuration of your GLA SUV as required. The Progressive Line, for example, is available in the three appointments colours black, macchiato beige and sage grey¹. Completing the portfolio Bahia brown¹ and red pepper¹, in conjunction with ARTICO man-made leather / MICRO CUT microfibre¹.

Burmester® surround sound system with Dolby Atmos®.

With this premium sound system¹ you can increase your driving pleasure in acoustic terms too, if you so wish. A speaker system that is precisely tuned to the vehicle interior offers dynamic music playback and includes, for example, a subwoofer with an output of 60 watts.

Centre console.

The retractable cover for the stowage compartment in the centre console offers you elegant protection from prying eyes in a high-quality material. This looks good, the interior appears even tidier, and everything important is to hand. The practical stowage compartment can house typical everyday items such as a smartphone, wallet or various keys.

Head-up display.

With the head-up display¹, the thrilling digital cockpit extends into the windscreen. This means that your full attention can be devoted to the road and the traffic in front of you without you missing important information or overlooking navigation instructions.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Standard equipment.

SUV lifestyle for every day – even without a single tick on the options list. The hallmark SUV radiator shell with a single wide louvre is a distinctive feature of the exterior of your GLA. Thanks to comfort suspension seats with Seat Comfort Package you can travel in truly relaxed style. Numerous assistance systems also support you as you drive.

Highlights on the exterior

Radiator shell with central Mercedes star and single louvre in silver with highlights in high-gloss black

Exterior mirror casing in body colour

43.2 cm (17-inch) 5-twin-spoke light-alloy wheels (25R), aerodynamically optimised, and finished in high-gloss black

LED High Performance headlamps with Adaptive Highbeam Assist

Highlights in the interior

Comfort seats with upholstery in black ARTICO man-made leather/Bertrix fabric

Seat Comfort Package, including manual 8-way seat adjustment for the driver and front passenger

Multifunction sports steering wheel in leather including touch controls on left and right, steering wheel gearshift paddles and trim in silver

Mercedes-Benz pattern trim elements

Door sill panels with “Mercedes-Benz” lettering

MBUX Premium Navigation functions

Progressive.

With the Progressive equipment line¹ you can add highlights on and in your Mercedes in a targeted way. The visible tailpipe trims in chrome underscore the dynamic credentials of the SUV on the exterior. In the interior you have a wider selection of colours and materials to choose from for the seat covers.

Highlights on the exterior

Radiator shell with central Mercedes star and single grey louvre with chrome inlay and highlights in high-gloss black

Front apron with grey trim

Side sill panels in black with grained finish, with trim element in chrome

Polished aluminium roof rack

Simulated underguard at front and rear in chrome

45.7 cm (18-inch) 5-twin-spoke light-alloy wheels, aerodynamically optimised and finished in high-gloss black

Highlights in the interior

Comfort seats with optional upholstery in black ARTICO man-made leather/Bertrix fabric

Multifunction sports steering wheel in leather including touch controls on left and right, steering wheel gearshift paddles and trim in silver

Star Pattern backlit trim elements

Black fabric roof liner

AMG Line.

Demonstrate that you value sportiness. The distinctive AMG Line¹ Bodystyling is inspired by the expressive design language of Mercedes-AMG. Further elements in the interior, such as the sports seats and the multifunction steering wheel in nappa leather, reinforce this overall impression. The larger brake system supports sporty driving.

DYNAMIC SELECT.

You decide how you drive. With the DYNAMIC SELECT drive programs, which call up preselected settings for the engine, transmission, suspension and steering at the press of a button. In “Sport” mode your driving style is dynamic, with “Comfort” it is more relaxed, while “ECO” focuses on efficiency. With “Individual” you set the parameters completely the way you want them.

48-volt system.

With the 48-volt system, a second on-board electrical system has been set up in the GLA. The 48-volt battery increases the overall battery capacity. This means more electrical energy for innovative functions when stationary. More performance, more flexibility, more efficiency.
