

The GLB

Mercedes-Benz

Power of possibilities.

At home in any terrain: the clear lines and powerful proportions lend the Mercedes-Benz GLB a striking appearance with off-road character. As a compact SUV, however, it offers far more than just dynamic looks and acceleration: The spacious, variable interior can accommodate up to seven people¹.

¹ The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

A strong impression at first sight.

The characteristic front end is even more expressively styled, with standard full-LED headlamps and a off-road radiator shell as well as a bumper with a simulated underguard. In addition, the optional MULTIBEAM LED headlamps light up the way ahead brightly.

Iconic design from all angles.

The distinctive design of the rear end with its muscular shoulders and the LED tail lamps underscores the off-road character. The diffuser look of the bumper also plays a major part in the GLB showing off its qualities to full effect from behind as well.

The image shows the front interior of a Mercedes-AMG G-Class vehicle. The steering wheel is black with a silver Mercedes-Benz star in the center and silver accents on the spokes. The dashboard is black with three circular air vents in the center, each with a gold-colored ring. The instrument cluster features two analog gauges with blue and red needles. The center console has a large touchscreen display showing navigation, phone, and radio functions. The interior is upholstered in brown leather with black perforated leather accents on the door panels and center console. Gold-colored ambient lighting is visible along the edges of the dashboard and door panels.

Generous in a forward-thinking manner.

What looks like off-road on the outside also feels like it on the inside. The function-oriented, progressive design of the interior combines sporty elegance with robustness and high quality. The high seating position in conjunction with luxury seats and upholstery in ARTICO man-made leather/fabric¹ and the multifunction sports steering wheel appeal straight away. Convenient identification: the enhanced MBUX operating concept with fingerprint scanner¹ offers quick access to protected functions and services.

¹ The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

A wide-angle, rear-facing view of the interior of a car, specifically the third row of seats. The seats are upholstered in black leather with white contrast stitching along the edges and headrests. The car's interior trim is also black. Large windows on either side of the rear seats provide a view of a bright, overcast sky. The overall atmosphere is clean and modern.

Expands your comfort zone.

With the third seat row¹ and the fore/aft adjustable rear seats¹, the GLB offers lots of room for friends or a large family.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Maximum flexibility for your everyday life.

The load compartment has a capacity of up to 1805 litres (5-seater) and leaves the choice up to you: In addition to the optional fore/aft adjustment of the second seat row, the angle of the seat backrests is adjustable to save space. All seats in the rear can also be folded down individually. EASY-PACK tailgate¹ and HANDS-FREE ACCESS¹ make loading and unloading even more convenient.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Digital Extras.

The MBUX Voice Assistant is even more capable of engaging in dialogue and learning thanks to activation of online services in the Mercedes-Benz App¹. In addition, further vehicle functions can be activated via voice control. With the Digital Vehicle Key you can even securely transfer temporary drive authorisations to third parties via smartphone.

¹In order to use the Mercedes me connect services, you must create a Mercedes me ID and consent to the Terms of Use for the Mercedes me connect services.
The featured services and their availabilities and functionalities are in particular dependent on the vehicle model, year of construction, selected special equipment, and country.

Digital Extras. MBUX of the latest generation.

Custom infotainment: intuitively controlled via speech, touch or gestures¹, the intelligent MBUX multimedia system can be seamlessly integrated into your digital life.

The featured services and their availabilities and functionalities are in particular dependent on the vehicle model, year of construction, selected special equipment, and country.

Wheel design.

The 50.8-cm (20-inch) AMG light-alloy wheels¹ in an attractive design give the GLB a solid stance in every situation while emphasising its sporty and robust character. The flush-fit wheels in the voluminous wheel wells superbly underpin the powerful proportions of the off-road-focussed design.

Burmester® surround sound system.

Experience more performance and exclusivity with the legendary Burmester® sound¹. The speakers deliver first-class surround sound and feature fine lettering. You can specifically optimise this for the front and rear seats to intensify your listening experience. You can also play music in Dolby® Atmos quality.¹

Panoramic sliding sunroof.

Whether open or closed: with the panoramic sliding sunroof¹, you experience an exhilarating feeling of freedom and enjoy a pleasantly bright ambience in the interior. When viewed from the outside, the large sliding sunroof likewise makes a unique visual impression, as it lends lightness and exclusivity to the exterior.

¹ The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Sidebags in the rear.

The sidebags in the rear¹ can protect the chest area of passengers on the outer rear seats in the event of severe side impact. Together with the standard window airbags, they can help prevent injuries or reduce their severity. To achieve this, air cushions deploy between the door or the rear side panelling and the vehicle occupant.

¹ The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Standard equipment.

A compact SUV for every day – even without a single tick on the options list. The hallmark SUV radiator shell with wide louvres is a distinctive feature of the exterior of your GLB. Thanks to luxury seats with the Seat Comfort Package, you can travel in truly relaxed style. Furthermore, numerous assistance systems¹ support you as you drive.

¹ Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.

² The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Progressive.

With the Progressive equipment line², you can add highlights of your choice on and in your Mercedes. The visible tailpipe trims in chrome underscore the dynamic credentials of the SUV on the exterior. In the interior you have a wider selection of colours and materials for the seat covers to choose from.

AMG Line.

Demonstrate that you value sportiness. The distinctive AMG bodystyling is inspired by the expressive design idiom of Mercedes-AMG. Further elements in the interior, such as the sports seats and the multifunction steering wheel in nappa leather, reinforce this overall impression. The larger brake system supports sporty driving.¹

¹ The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

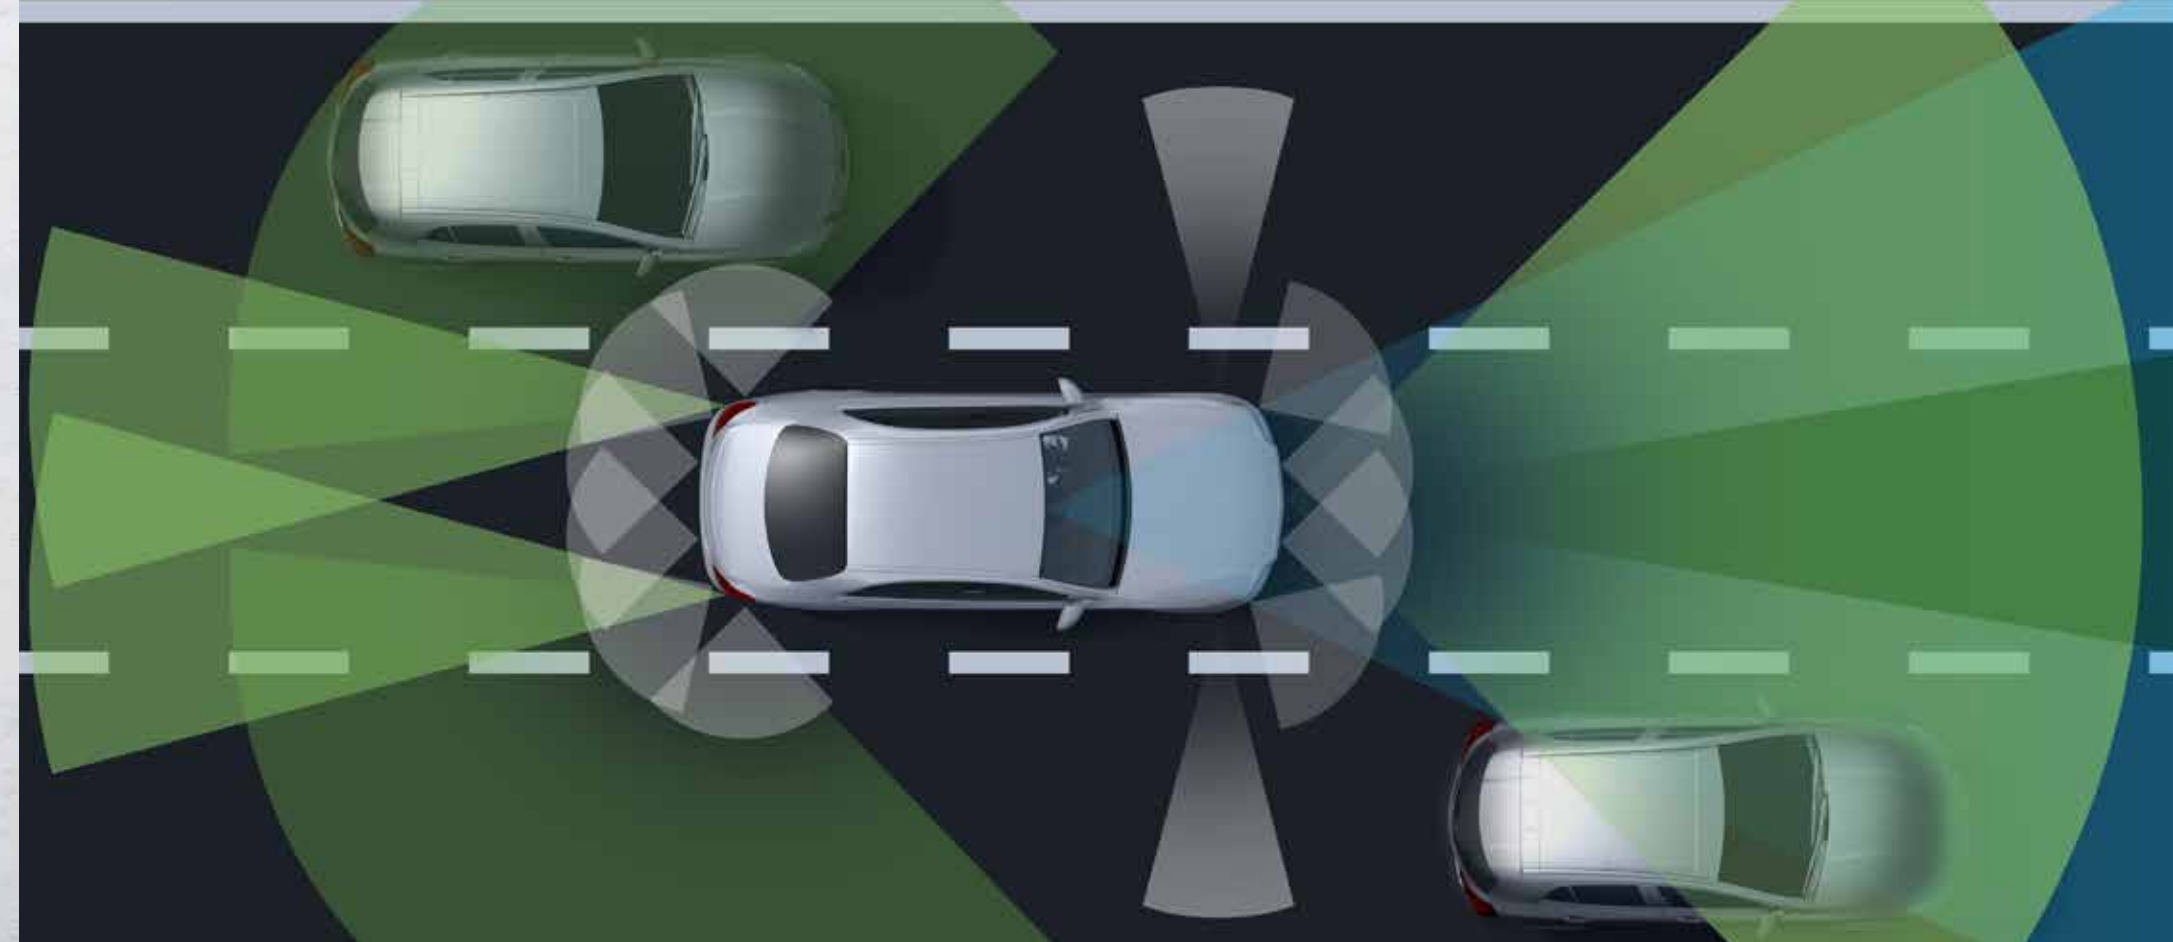

Night Package.

With the Night Package¹, you can create visual highlights and demonstrate your penchant for expressive design and individuality. The trim elements on the front and rear aprons, as well as the louvres on the radiator shell, are finished in high-gloss black. Depending on the vehicle's paintwork, this creates stark contrasts or smooth transitions.

48V technology.

To increase efficiency and achieve the resultant reductions in fuel consumption, 48V technology is now used for petrol engines. This technology powers the belt-driven starter generator and also temporarily delivers additional power and torque when required (for example when accelerating).

Assistance systems.

The Driving Assistance Package^{1,2} of your Mercedes-Benz supports you as required by the situation with e.g. speed adaptation, steering input and if there is a risk of collision, e.g. by means of Active Brake Assist². This ensures that you reach your destination safely and relaxed.²

The best for the engine:
Mercedes-Benz genuine engine oils.

¹Figures for rated output in accordance with Regulation (EC) No. 715/2007 in the currently applicable version. ²Available for a brief period. ³Electronically governed. ⁴The figures shown were calculated according to the prescribed measuring method. They constitute the “NEDC CO₂ figures” pursuant to Article 2 No. 1 of Implementing Regulation (EU) 2017/1153. Fuel consumption figures have been calculated on this basis. More information about the official fuel consumption and the official specific CO₂ emissions of new passenger cars is available in the publication entitled “Leitfaden über den Kraftstoffverbrauch, die CO₂-Emissionen und den Stromverbrauch neuer Personenkraftwagen” [“Guide on the fuel economy, CO₂ emissions and power consumption of all new passenger car models”], available free of charge at all retailers and from Deutsche Automobil Treuhand GmbH at www.dat.de. The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for the purpose of comparison between different vehicle models. The figures will vary according to the selected special equipment. ⁵Information only valid within the European Union. Details may vary from country to country. ⁶Calculated on the basis of the measured CO₂ emissions, taking into consideration the vehicle mass. Valid for Germany only.
