

You and your Mercedes-Benz - always connected.

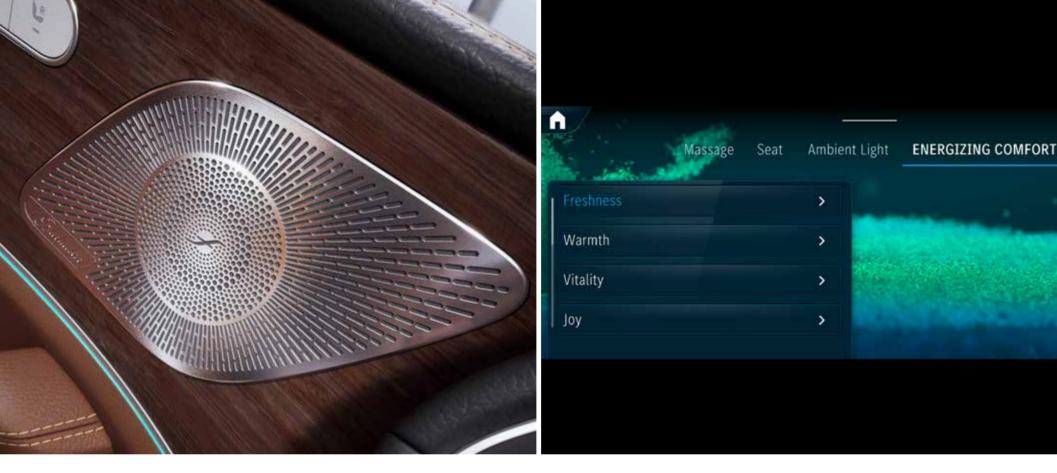

With Digital Extras you can discover yet more service, comfort and safety in your Mercedes-Benz. Conveniently match your vehicle to your individual needs, and over and again you will find innovative functions which make your everyday life easier in the form of the Digital Extras. Not only will you explore new avenues with your GLE Coupé; you will also explore the digital world of Mercedes-Benz.¹

¹To use the Digital Extras, you must create a Mercedes me ID and agree to the Terms of Use for Digital Extras and the Mercedes me ID Service Terms in their applicable versions. The Digital Extras presented and their availability and functionalities depend in particular on time, the vehicle model, year of manufacture, selected optional equipment and country.

MBUX.

The MBUX multimedia system learns more about you and gets to know you better with every journey. The latest generation comes with a thoughtfully designed user interface and makes the interior of the GLE Coupé even more intelligent and digital. Look forward to a whole new world of infotainment and intuitive operation by voice¹, touch or gestures.

¹To use the Digital Extras, you must create a Mercedes me ID and agree to the Terms of Use for Digital Extras and the Mercedes me ID Service Terms in their applicable versions. The Digital Extras presented and their availability and functionalities depend in particular on time, the vehicle model, year of manufacture, selected optional equipment and country.

Burmester® surround sound system.

With 13 speakers and a system output of 590 watts, you can enjoy the legendary Burmester® sound. The high-performance speakers deliver first-class surround sound. You can optimise this specifically for the front and rear seats to make your listening experience even more intense.¹

ENERGIZING Package Plus.

The ENERGIZING Package Plus^{1,2} offers you comfort for all the senses. It interlinks luxurious special equipment into combined comfort programmes that can improve your driver-fitness safety and sense of well-being. Ten-minute programs direct the climate control, ambient lighting, music and seat functions such as massage, heating or ventilation. For prolonged alertness at the wheel and exceptionally pleasant motoring.

Surround projection with Mercedes-Benz pattern.

With this design, even the stars will be at your feet. Let the characteristic Mercedes-Benz pattern¹ accompany you as you get into and out of your GLE Coupé if you wish. When the driver or passenger door is opened, this is projected onto the ground and makes for a grand entrance.

Panoramic sliding sunroof.

A real open-air feeling – the electric and infinitely adjustable panoramic sliding sunroof, available as an option, provides fresh air when open. The opening height can be automatically adjusted to the current driving speed. Even when closed, it provides a pleasantly bright ambience in the interior.

¹Optional equipment depending on the individual configuration.

²To use the Digital Extras, you must create a Mercedes me ID and agree to the Terms of Use for Digital Extras and the Mercedes me ID Service Terms in their applicable versions. The Digital Extras presented and their availability and functionalities depend in particular on time, the vehicle model, year of manufacture, selected optional equipment and country.

¹Optional equipment depending on the individual configuration.

ENERGIZING AIR CONTROL.

ENERGIZING AIR CONTROL¹ monitors the air quality for you with the help of air quality and fine particle sensors. A two-stage filter concept reduces the fine particles and the majority of other inhalable pollutants. Depending on the value measured, your vehicle switches intelligently between fresh air and airrecirculation mode.

E-ACTIVE BODY CONTROL.

The intelligent E-ACTIVE BODY CONTROL¹ suspension can assess speed, load and driving situation and then adjust damping and level control separately for each wheel. For superb ride comfort and outstanding stability – both on and off the road, and on dry, wet or slippery carriageways.

MBUX Augmented Reality Navigation.

MBUX Augmented Reality Navigation¹ connects the real world with the virtual world and navigates you safely even through the most confusing traffic situations Graphic navigation and traffic information appears on live images from the front camera, making it easier to get your bearings and identify your position.

Smartphone Integration.

Smartphone Integration² connects your smartphone with the infotainment system via Apple CarPlay^{TM3} and Android Auto^{TM4}. This gives you convenient access to the most important apps on your smartphone. You can also use apps from third-party service providers such as Spotify⁵ quickly and easily.

¹Optional equipment depending on the individual configuration.

The Digital Extras presented and their availability and functionalities depend in particular on time, the vehicle model, year of manufacture, selected optional equipment and country. ³Apple CarPlay is a registered trademark of Apple Inc. ⁴Android Auto is a registered trademark of Google LLC. ⁵To use the Digital Extra, a separate customer-specific contract with a selected streaming provider is required.

Standard interior equipment.

The progressively designed interior embodies a sense of elegant sportiness. Harmonious dimensions, high-quality materials and practical details result in a dynamic ambience for a sense of stylish comfort when on the road. Standard on-board features include: sports seats, multifunction steering wheel, Widescreen Cockpit and the MBUX multimedia system.

Highlights

Multifunction steering wheel in nappa leather

Interior lights featuring LED technology

Brushed aluminium trim with light longitudinal grain

Front door sill panels with "Mercedes-Benz" lettering

Roof liner in crystal grey fabric

Upper section of instrument panel in ARTICO man-made leather

Interior Chrome Package

Ambient lighting

Sport seats with contoured backrests

Upholstery in black ARTICO man-made leather

AMG Line exterior.

Expressive styling for an impressive appearance – the AMG Line exterior comes as standard with the GLE Coupé and sharpens the sporty character of your vehicle. The visual effects make your vehicle look lower and more dynamic – so you can make a clear statement for powerful design.

Exterior highlights

Diamond grille with Mercedes-Benz pattern in chrome, integrated Mercedes star and single louvre painted in matt dark grey with chrome inserts

AMG Bodystyling, consisting of: AMG front apron with chrome trip strip and sporty, distinctive air outlets, wheel arch liners and wing flares painted in the body colour front and rear, AMG side sill panels painted in the body colour, AMG rear apron with black diffuser-look insert and chrome trim strip

AMG light-alloy wheels (50.8 cm [20 inches]) in 5-twin-spoke design, painted in tremolite grey with high-sheen finish; further AMG wheel variants up to 55.9 cm (22 inches) optional Brake system with larger brake discs on the front axle

Non-metallic or metallic paintwork

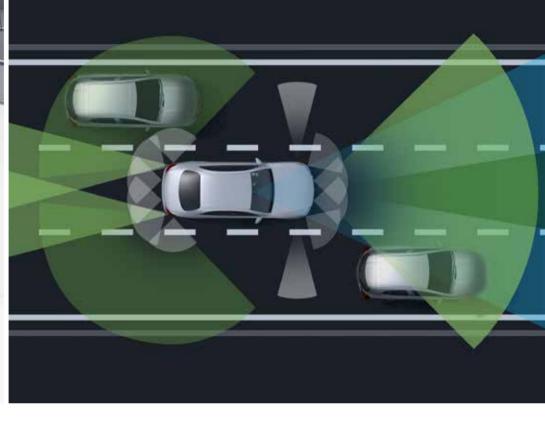

MULTIBEAM LED and two-section tail lights featuring LED technology

Exhaust system with two chromed tailpipe trims

AMG Line interior.

The AMG Line interior¹ lends your vehicle a more visible and tangible sense of sportiness. It allows you to make a tasteful statement and demonstrate your passion for an ambience that is dynamic and exclusively designed down to the finest detail. The highlights of the AMG Line include the sports seats for driver and front passenger, the multifunction sports steering wheel in soft nappa leather and the AMG sports pedals.

Night Package.

More character – expressive style. In conjunction with the AMG Line, the Night Package¹ adds striking highlights in the form of exclusive black design features. These accentuate your vehicle's sporty character and athletic design idiom. Ideal for individualists who appreciate an expressive design.

Powertrain technology.

High ride comfort, pleasant stability, effortless handling – as always, driving the GLE Coupé is an experience in itself. The facelift brings additionally updated engines and technical solutions which reduce consumption and emissions. In particular, the range of electrified drives with a 48 V on-board electrical system and integrated starter-alternator has been extended.

Assistance systems.

The optionally available Driving Assistance Package can tangibly reduce the strain on the driver, particularly on long trips but also in confusing urban traffic. The supporting functions include, for example, Active Distance Assist DISTRONIC¹, Active Steering Assist¹ and Traffic Sign Assist¹. A highlight in off-road terrain – the "transparent" bonnet, available as an extension of the optional Parking Package with 360° camera¹, makes the area in front of the vehicle visible on the media display – a significant help in steep terrain.

¹Optional equipment depending on the individual configuration.

BUILT BOLD. MERCEDES-AMG GLE AND GLE COUPÉ.

The AMG models underscore the GLE's dedication to speed – the exterior, interior, telematics and technology, in particular, have all been enhanced. Details in the exterior design convey the AMG feeling even better and more expressively. The interior also adds highlights in terms of dynamics and sportiness. In the cockpit, there are technological updates as well as refreshed design elements. Additional trim elements and upholstery colours are also available for selection. The MBUX multimedia system and the multifunction sports steering wheel feature latest-generation technology – for even more intuitive operation.
