

The S-Class Saloon

Mercedes-Benz

Cares for what matters.

Modern luxury and first-class comfort reach are standard in the S-Class. It is the ideal haven for anyone for whom driving a car will always be about much more than simply transportation. Innovative comfort-oriented features create a superior driving experience from the driver's seat to the rear.

Modern aesthetics and generous luxury in ideal harmony.

Reduced to the essentials. The exterior design, the design language of sensual purity in its most sophisticated form. In profile with perfect proportions, flush door handles and high-quality wheels. The distinctive front section with pioneering DIGITAL LIGHT¹ headlamps and the tail end with two-section lamps, emphasising the car's width.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

An interior to inspire.

The S-Class blends exquisite materials with elegant surfaces and progressive design.

A showcasing of high-tech features and infotainment with intuitive operation.

With the 64 colours of the active ambient lighting,¹ exciting colour schemes are created that can alternate dynamically or illuminate areas in different colours.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Always ready for you.

Extended intelligent safety systems such as the Driving Assistance Package¹ offer maximum comfort and convenience, while also engendering added trust. The DIGITAL LIGHT² headlamp technology also points in this direction, while innovative airbags in the backrests of the front seats make travelling in the rear safer.

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as a driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.
²The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Wellness at the touch of a button.

The S-Class can fulfil many wishes, meaning that you climb out more relaxed than you were when you climbed in. Look forward to the ENERGIZING Coach¹ for individual wellness programs, or discover the seat massages that are possible with the multicontour seats. The top-quality sound to match always comes from the Burmester® high-end 4D surround sound system¹.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Digital cockpit.

The combination of 3D cockpit display, MBUX head-up display¹ with augmented reality in the front windscreen and the central OLED touch display represents an innovative and at the same time intuitive control concept. Thanks to the MBUX voice control system, the S-Class can adapt to your requirements and support you.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Comfort highlights in the rear.

Inspiration and first-class feel-good comfort for the second row. Move the Executive seat with its leg rest into an agreeable position for sleeping. Relieve tension in the neck and shoulders with the heated cushion. Or relax as you work with the MBUX rear tablet¹, while also controlling the various comfort and entertainment functions.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Active ambient lighting.

Experience a technological leap with active ambient lighting¹. It combines visual appeal with innovative driver information and an expanded range of functions. Wraparound light strips and trim elements amalgamate to form an additional lighting level. This also supports driving assistance systems² visually, emphasising the intelligence of your vehicle.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

²Our driver assistance and safety systems are aids and do not relieve you of your responsibility as a driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.

Augmented reality head-up display.

The MBUX augmented reality head-up display¹ turns the windscreen into a part of the digital cockpit. Transparent projections onto the windscreen augment the driver's field of vision with relevant information about the current driving situation. This way, the S-Class is able to provide the driver with all relevant information without their eyes leaving the road.

Automatic door handles.

With KEYLESS-GO¹ there's no longer any need to search for your keys. As soon as the convenience system detects your key or a suitable mobile device in the direct vicinity of the vehicle, the flush door handles are extended automatically. When you drive off or lock the doors they retract again and are elegantly integrated into the side design.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

Wheel rims.

The range of wheels for the S-Class Saloon includes high-quality light-alloy wheels in sizes from 45.7 cm (18 inches) to 53.3 cm (21 inches), depending on the vehicle specification¹. The stylish sportiness of the vehicle is given additional emphasis by the modern wheel design, wide track and flush wheels.

Standard equipment and appointments.

Cutting-edge technology, exceptional comfort and exquisite luxury – this is what the Mercedes-Benz S-Class stands for. This quality is already evident in the standard equipment, which includes the Driving Assistance Package¹ and MULTIBEAM LED, for example. The special status of the interior is also reflected in the leather seats, ambient lighting and MBUX infotainment.

The AMG Line.

The AMG Line² lends your vehicle a sportier character, both inside and out. The powerful AMG Bodystyling includes the AMG front apron in A-wing design, for example. 48.3 cm (19-inch) AMG light-alloy wheels emphasise your vehicle's athletic character. The multifunction sports steering wheel in nappa leather, the AMG pedal assembly and the AMG floor mats add special highlights in the interior.

The Night Package.¹

Expressive dark design features enhance your vehicle's appearance on the exterior. These include the exterior mirror housings in high-gloss black and the front splitter in dark chrome. Additional features in dark chrome round off the vehicle's individual sporty looks.

The Exclusive Package.

The Exclusive Package¹ adds a very special touch of class. Almost all surfaces are finished in exquisite nappa leather with the roof lining in high-quality MICROCUT microfibre. Additional trim elements complement the interior setting to perfection.

¹ Our driver assistance and safety systems are aids and do not relieve you of your responsibility as a driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.
² The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

¹ The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

AIRMATIC.

AIRMATIC combines the advantages of several suspension systems in one – choose between comfort and dynamic. The air suspension provides outstanding ride comfort even on difficult roads, or a powerfully sporty performance. The automatic level control adjusts the vehicle level depending on the load.

Rear axle steering.

The rear wheels steer at an angle of up to 4.5° in the opposite or the same direction as the front wheels, depending on the vehicle speed. You benefit from even more effortlessly superior road holding, markedly enhanced agility and, last but not least, improved manoeuvrability – when parking, for example.

The Mercedes-AMG S 63 E PERFORMANCE

FORGET IMPOSSIBLE

GET READY FOR **E** PERFORMANCE

AMG

Faster, more powerful, better: with the latest hybrid technology, the S-Class boasts more performance than ever. Spectacular AMG design, state-of-the-art technology and extensive options for individualisation make the saloon more desirable than ever before. The top model combines the modern luxury of the series with the exciting motorsport genes of Mercedes-AMG. The result is Performance Luxury at the highest level.

Mercedes-AMG S 63 E PERFORMANCE | Energy consumption combined: **XX,XX-XX,XX** kWh/100 km | CO₂ emissions combined: **XXX-XXX** g/km | CO₂-Class: **XXX**.¹

¹The specified values were determined in accordance with the prescribed measurement procedure WLTP (Worldwide harmonized Light-duty vehicles Test Procedures). The fuel consumption and CO₂ emissions of a passenger car depend not only on the efficient utilisation of fuel by the car, but also on the driving style and other non-technical factors.

¹Figures for rated output in accordance with Regulation (EC) No. 715/2007 in the currently applicable version. ²Available for a brief period. ³Electronically governed. ⁴The figures shown were calculated according to the prescribed measuring method. They constitute the “NEDC CO₂ figures” pursuant to Article 2 No. 1 of Implementing Regulation (EU) 2017/1153. Fuel consumption figures have been calculated on this basis. More information about the official fuel consumption and the official specific CO₂ emissions of new passenger cars is available in the publication entitled “Leitfaden über den Kraftstoffverbrauch, die CO₂-Emissionen und den Stromverbrauch neuer Personenkraftwagen” [“Guide on the fuel economy, CO₂ emissions and power consumption of all new passenger car models”], available free of charge at all retailers and from Deutsche Automobil Treuhand GmbH at www.dat.de. The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for the purpose of comparison between different vehicle models. The figures will vary according to the selected special equipment. ⁵Information only valid within the European Union. Details may vary from country to country. ⁶Calculated on the basis of the measured CO₂ emissions, taking into consideration the vehicle mass. Valid for Germany only. For further technical data, please visit www.xxxxxx.xxx

Dimensions.

All figures in millimetres. The dimensions shown are mean values. They are valid for vehicles with standard equipment and in unladen condition.
